

TO MEXICO

Request for Jenkins' Immediate Release

HARP LANGUAGE

to Carranza Government
ached in Sharpest Lan-
ge Yet Employed

WASHINGTON, Dec. 1.—The
ment's note to Mexico,
public today at the hour of
very in Mexico City, re-
quest for which the im-
mediate release of William O. Jenkins,
American consular agent, im-
prisoned at Puebla and blun-
tly Carranza with attempt-
becloud the issue.

The sharpest language yet
et to the Carranza govern-
ment and probably more pointed
the government, usually ad-
to another in a formal
the communication the
States says it regards Mex-
ice of judicial reasons for
easing Jenkins as mere ex-
and gives notice that it will
draw away from the main
and into a discussion of
vant and unimportant mat-
and attitude of the Carranza
ment in the matter," the
ys, "has been to assume a
indifference to the feelings
American people and the
drawn by the govern-
s that Mexico has sought
rt the attention of the
an people and the Mexican
as well from the fact that
second largest city in
is overrun by bandits,
the civil authorities are
nt."

Text of the Note.

The text of the note as trans-
by the American charge at
City, follows:
I have the honor to transmit
to your government the note the
government dated Nov.
1919 with reference to the
William O. Jenkins, Ameri-
can consular agent at Puebla,
am now in receipt of reply
government of the United
States which I am instructed to
nt to you.

The government of the United
States declined to be drawn into
a discussion of irrelevant
batters or unimportant in-
brought forward in connec-
with this case. The Mexican
ment cannot be misled as
states by the citation by the
United States of "no principle or
ent of international law and
even a reason" for Jenkins'
to be obviously no such ci-
is necessary for the govern-
ment of a government of
resent day. The Mexican
ment believes, and rightly
at the American request for
Jenkins' release is not based on
the strength of the country
makes it; for it knows the
st is founded on the justice
a right of an American citi-
and United States consular
to fair treatment while re-
and discharging his duties.
Mexico's jurisdiction with
approval and knowledge of
Mexican government. The
an government may contend
the imprisonment of the vic-
is necessary for the investi-
by a judge under the
ant vigilance of public opin-
of the truth regarding his
tion and that a right of re-
on bail is a palliative for
wrongful imprisonment, but
United States is constrained
to opinion that such argu-
are mere excuses. The govern-
of the United States in-
and desires the fullest pos-
examination and investiga-
of this case, but it cannot
that it is necessary in or-
to ascertain the facts that Mr.
Jenkins should be retained
in custody for the purpose of
not and is satisfied that Mr.
Jenkins will place any obsta-
in the way of a complete and
examination of himself or
witnesses, or of the events,
ing up to and connected with
duction. The Mexican govern-
ment prefers to attribute the
lean note to an imperfect
ledge of the Mexican penal
and proceeds to explain
refinement the intricacies of
an penal proceedings. But
government of the United
States fails to discern in their ap-
tion to this case at the hands
Mexican authorities any approx-
to impartial treatment of
ns and the Mexican govern-
ment knows the absence of such
is the reason for the
lean request.

The Mexican government main-
tains that it cannot grant the re-
lease of the United States for
its release for the reason
under international law no
natie intervention is appro-
unless a denial of justice
occurred and because the
an government is not in a
on to demand Jenkins' re-
view of the separation of
executive and judicial powers
the Mexican form of gov-
ent and the independence of
ate courts by one of which
is held. The succinct an-
to this contention is, as ev-
eone knows, that a denial of
has already taken place,

and also because the Mexican con-
stitution specifically gives the
federal tribunals jurisdiction of
"all cases concerning diplomatic
agents and consular officers."
Must Show Cause.

"The United States is not to be
driven by such subtle arguments
into a defense of its request for
the release of Mr. Jenkins. It is
for Mexico to show cause for his
detention, not for the United
States to plead for his liberation.
stripped of extraneous matter,
with which the Mexican note of
November 26, endeavors to
clothe it, the naked case of Jen-
kins stands forth: Jenkins, a Uni-
ted States consular agent, ac-
credited to the government of
Mexico is imprisoned for 'render-
ing false judicial testimony' in
connection with the abduction of
which he was the victim. This is
the substance of the Mexican
note.

"My government is pleased to
learn that the imprisonment of
Jenkins stands on this single, and
well defined ground, and that the
reported statements that Mexi-
can authorities have caused the im-
prisonment of Jenkins because of
collusion with his abductors and
rebellion against the state are not
seriously regarded by your govern-
ment.

Questions of Interest.

"In whose interest then is the
charge of false swearing brought
against Jenkins? His abductors?
He is in equity the complainant
in the case of his abduction, not
the defendant. As the Mexican
government now makes him out to
be. The Mexican government is
prosecuting the victim instead
of the perpetrators of the crime.
While the outlaws who endang-
ered life and took away a large
part of his fortune enjoy their
freedom the Mexican authorities
now deprive Jenkins of his lib-
erty. More over, the ground ex-
pressed for the imprisonment of
Jenkins, namely, that he is sup-
posed to be responsible for the
crime of rendering false judicial
testimony must be taken—and
my government directs special at-
tention to this point—as merely
an expression of opinion on the
part of the Mexican government
as it is entirely unsupported
by evidence. There is not produced
any of the testimony rendered by
him, or any extracts from such
testimony tending to show the
correctness of this opinion. The
Mexican government cannot ex-
pect the United States to accept in
the grave circumstances of this
case such a bare unsupported
statement as a valid excuse for
the imprisonment of an American
consular officer, particularly in
view of the fact that the investi-
gation of the case by the repre-
sentatives of the United States in
Mexico so far as it has proceed-
ed fails utterly to support this
opinion of your government. On
the contrary the investigation
gives the government of the Uni-
ted States every reason to believe
that Mr. Jenkins has not know-
ingly given any false testimony
in respect of vital points in the
case; that he has been harassed by
Mexican authorities to give such
testimony even while lying in the
hospital too weak and exhausted to
make them as a result of his
treatment by the abductors and
while he knew evidence was be-
ing obtained against him thru
intimidation of witnesses. So
stands the single, unsupported
statement and my government be-
lieves utterly unfounded ground
lleged for Jenkins' imprisonment.

Studied Effort to Ensnare.

"What conclusion is to be
drawn from such a reply of the
Mexican government other than
that there has been a studied effort
on the part of the Mexican authori-
ties to ensnare Jenkins in the in-
tricacies of legal proceedings by
alleging the commission of tech-
nical offenses and by bringing un-
supported charges against him,
for a purpose: In the first place to
divert the attention of the Ameri-
can public and the American govern-
ment and indeed of Mexicans
themselves, from the actual sit-
uation, namely, that Puebla, the
capital of the state of Puebla, and
perhaps the second largest city
in Mexico, is without adequate
protection from outlaws who in-
fect the immediate neighborhood
and who were accustomed openly
and freely to enter the city with-
out hindrance that with the fail-
ure to furnish adequate protec-
tion in this district the Mexican
authorities have thru their
negligence, made possible the
abduction of Jenkins and that in
harmony with such an attitude on
the part of the Mexican authori-
ties they have failed to carry out
the duty and obligation incumbent
upon them to apprehend and
punish the bandits concerned in
the crime of which Jenkins was
the victim. And in the second
place, it appears to have been the
purpose of the Mexican govern-
ment to assume a wilful indiffer-
ence to the feelings of the Ameri-
can people that have been aroused
to the point of indignation by the
exposure, hardships, and physi-
cal suffering endured by Jenkins
during his abduction and his
subsequent treatment at the
hands of Mexican authorities.

For Immediate Release.

"In view of the considerations
which have been set forth and in
view particularly of the belief of
my government that the charge
against Jenkins of deliberate
false swearing is unfounded, the
government of the United States
must renew its request for the im-
mediate release of Consular Agent
Jenkins from further imprison-
ment.
(Signed.) "LANSING."

STRINGENT ORDERS

Warlike Restriction on Na-
tion's Use of Coal

TO PREVENT FAMINE

Fuel Administrator Garfield Issues
Drastic Orders to Prevent
Country-Wide Fuel Famine

WASHINGTON, Dec. 1.—War-
like restrictions on the nation's
use of coal, more stringent than
those applied during the war,
were ordered today to effect today
to stave off a fuel famine.

Moved by reports of diminish-
ing coal stocks and growing dan-
ger of distress in numerous sec-
tions, the government sought no
compromise with striking mine
workers whose walkout forced
the emergency, but asked for na-
tional determination to endure
privation and discomfort until
coal mining was resumed on its
terms.

Fuel Administrator Garfield,
acting in conjunction with the
railroad administration gave no-
tice that hereafter only the essen-
tial consumers included in the
first five classes of the war pri-
ority list would be supplied with
coal, and asked the help of all
state and municipal authorities
to make rationing effective. The
order which made national those
restrictions already put into local
effect by regional coal commit-
tees, cut supplies from all but
transportation agencies, which
includes inland and coastwise
shipping as well as railroads, fed-
eral and local government insti-
tutions and establishments, in-
cluding concerns working on gov-
ernment contracts, public utilities,
including newspapers; and retail
dealers. Railroad administration
officials conceded that it meant
widespread cessation of industrial
operations, only justified by the
gravity of the situation.

It is necessary that coal shall
be used for only essential pur-
poses," Dr. Garfield said in giving
public notification of the step.
Public utilities consuming coal
should discontinue to furnish
power, heat and light to non-
essential industries and should
consume only sufficient coal to
produce enough light, power and
heat to meet the actual urgent
needs of the people. Advertising
signs and displays of various
kinds necessitating the use of
coal should be curtailed and no
coal should be distributed for
such purposes."

Ranks Remain Unbroken.

CINCINNATI, Dec. 1.—The ranks
of the union miners in the central
competitive field apparently re-
mained unbroken today.
From other mining centers
came reports of miners leaving
their posts and only one report
was received of men responding
to the posting of the 14 per cent
increase. But encouraging news
to coal consumers came from Kan-
sas where production of coal in
the strip pits of the Pittsburg
field by volunteer workers was
started under troop protection.
Operators posted notice of the
wage increase ordered by the gov-
ernment, but the blowing of the
whistle had no effect upon the
men except at Braidwood, Illinois,
where eight men reported for
work. The Skinner mine where
the men appeared could not open,
as it requires a force of about
fifty men to operate the shaft.

John L. Lewis, acting president
of the United Mine Workers in a
statement issued at Springfield,
Illinois, declared the strike will
be settled only by agreement on a
31 per cent increase.

"The mines remained idle to-
day," said Mr. Lewis, "and this
is sufficient demonstration that
the miners will not accept the 14
per cent increase granted by the
fuel administrator."

The public utilities commission
of Illinois at a meeting in Chi-
cago, issued an order forbidding
the further use of electricity for
street signs and show window
illumination. Earlier in the day,
thirty-seven evening schools and
sixty-three community centers
were ordered closed by the board
of education. It is also planned
to cut the school day an hour by
eliminating the noon lunch hour.

Kansas City to all outward ap-
pearances was a war-time city to-
day and the campaign to save fuel
was in full force. Business houses
opened at 9 a. m. and closed at 4
p. m. Schools were closed and
amusement places not allowed to
open. According to railroad offi-
cials in Oklahoma City, suspen-
sion of all traffic over the St.
Louis and San Francisco lines out
of that city is only a matter of
a few hours.

At the Hanna, Wyoming mine,
450 men struck and at Hudson,
Lander, and Geba, 500 additional
men refused to report for work.

The New River Operators' As-
sociation of Charleston, W. Va.,
reported that officials of the Uni-
ted Mine Workers were open-
ly advising and urging miners to
strike in that field. The opera-
tors however, reported normal
production in the non-union fields.

Actual suffering from lack of
fuel was reported to the Nebraska
Railway commission in a telegram
from Kilgore, Nebraska, which
said that village had been without
coal for ten days. Great Falls,
Montana, arranged for a special
train to bring 1,000 tons of coal
from Lethbridge Canada and this
prince's staff.

Villa Avenge's Angeles' Death; Massacres Entire Regiment

EL PASO, Texas, Dec. 1.—Fighting like madmen to avenge the
death of Felipe Angeles, 1,000 soldiers under command of Francisco
Villa fell upon the eighteenth regiment of the federal army, 676
men at Hacienda Ejecito, 21 miles north of Santa Rosalia, Chihuahua,
Friday morning, November 28 at 6 o'clock exactly 24 hours after
the Chapultepec officer had been shot by a firing squad in Chihuahua
City and massacred all but two members of the regiment.

Such was the word brought to El Paso tonight by Dr. L. M. Gomez
of this city and Los Angeles, an American citizen who fought for 18
months as an aviator with the American army in France. Following
the arrest of Angeles, Gomez in behalf of friends on this side of the
line, went to Chihuahua to intercede for him. He was with him all
night and up to 6:55 o'clock when Angeles was executed and also
attended his funeral.

Dr. Gomez, then going to Santa Rosalia, 360 kilometers south of
Chihuahua learned the story of the big massacre, which, he declared,
has been censored by the Carranza authorities. He left there on his
return Friday morning.
The account of the fight he heard from the lips of Col. Rivas and
Lieut. Col. Marroqui as they related it to a mutual friends in Santa
Rosalia. These two officers are the only two men who escaped ac-
cording to Dr. Gomez. General Santo Sanchez, the chief officer was
missing when Gomez left Santa Rosalia and there was little doubt
that he had been killed.

ANOTHER ATTEMPT TO HARMONIZE

Second Industrial Parley Opens
in Washington in Executive
Session.

WASHINGTON, Dec. 1.—Under
the permanent chairmanship of
Secretary of Labor Wilson, an-
other attempt to harmonize rela-
tions between capital and labor
was begun today with the open-
ing of the second industrial con-
ference called by President Wil-
son. Herbert Hoover was elected
permanent vice-chairman and
Stanley King, of Boston, tem-
porary secretary.
"Like its predecessor the second
conference began behind closed
doors after newspapermen pres-
ent had been asked to leave.
Speaking for the conference was
the first meeting adjourned. Mr.
King said, that executive sessions
would be continued for the pres-
ent and that the question of open-
ing the doors had not yet com-
e before the delegates.

Mr. Wilson recited the situa-
tion which required new legisla-
tion by delegates, all of whom
have been prominent in public
life, and few of whom have been
identified with either side in in-
dustrial controversies.
All of the seventeen members
except George T. Slade of St.
Paul, who is in Europe were pres-
ent. The general field of activi-
ties to be covered and the best
methods of dealing with each sub-
ject were discussed without a de-
cision being reached.
The cost of living, collective
bargaining and other problems of
the day entered into the talked.

New York, Dec. 1.—One point
separated the McNamara-Magin
and Goulet-Madden teams at mid-
night tonight, the end of the
first 24 hours of the six day bi-
cycle race at Madison Square
Garden. All of the fifteen teams
had covered 493 miles 2 laps, far
behind the record of 537 miles 9
laps made by Fogler and Hill in
1914. McNamara and Magin led
the field in the sprints with 54
points, Goulet and Madden with
53 and Egg-Dupuy
third with 49.

WEATHER STORM

No Losses Reported Among Ship-
ping in Upper Lakes.

Sault Ste Marie, Mich., Dec. 1.
—All shipping in the upper lake
region weathered Thursday
night's storm in shelter, reports
reaching up here tonight indicat-
ed. A blinding snowstorm and
continued high winds today held
a number of the vessels at Detroit
and other points where they put
in Saturday.

Four more ice encased bodies,
believed to be those of sailors
who went down with the Steamer
Myron, were fished up today in
White Fish Bay. They were
brought overland for identifica-
tion.

DINNER FOR PRINCE

London, Dec. 1.—The King and

eliminating the noon lunch hour.

CONGRESS MEETS

Many Features Usually At-
tending Opening Lacking

WILSON MESSAGE TODAY

President Wilson's Message Will
Be Read Before Senate and
House Today

WASHINGTON, Dec. 1.—Most
of the features usually attending
the opening, were lacking today
at the convening of the second
session of the sixty-sixth con-
gress.

After perfunctory sessions at
which the annual appropriation
estimates, aggregating \$4,865-
000,000 were introduced, both
senate and house adjourned un-
til tomorrow when President Wil-
son's message will be read.

The senate was in session twen-
ty-three minutes and the house re-
mained technically at work for
four hours, but considered only
minor bills requiring unanimous
consent.

The president's message, which
is to be read separately in the
senate and house went to the
printer today and is expected to
be brief. Mr. Wilson's illness
prevents its delivery in person
and so caused a slight change in
the opening program. Instead of
appointing committees to "wait
on the president" the senate and
house had their committees send
a note to Mr. Wilson, notifying
him of the new session. The note
was delivered to Secretary Tan-
nally who replied that the presi-
dent would transmit his message
tomorrow. There were no out-
ward developments today regard-
ing disposition of the German
peace treaty and leaders were in-
formed that the president prob-
ably would not discuss it in his
message. It was understood that
upon resubmitting the treaty the
president would send a special
message to the senate.

Senator Lodge, the Republican
leader said he hoped to press his
resolution to declare the war with
Germany at an end.

The senate will begin consid-
eration of the important legisla-
tion tomorrow when it takes up
the Cummins railroad bill with
interests anti-strike provisions.
Leaders will urge prompt action.

The new bills were introduced
today in the house and none in
the senate.

The senate Democratic steering
committee will meet tomorrow to
consider routine affairs, but no
action toward framing a minority
schedule is expected.

MUST COMPLETE COURSE

Medical Students Not Given Credit
For Service in Army.

New York, Dec. 1.—Medical
students who interrupted their
studies to answer their country's
call cannot count war service as
part of their qualifications for di-
plomas, according to a decision
rendered today by Supreme Court
Justice Delehanty. The decision
was given in the case of an ap-
plication by students of the New
York Homeopathic Hospital and
the Flower Hospital for a man-
damus directing that they be ad-
mitted to practice at once. They
alleged that a former dean of the
school had promised them their
diplomas at the end of the year
1918-19 in return for war service
alio the full course required for
other year of experience as hos-
pital internes. Judge Delehanty
ruled that "the interests of the
public" required the students to
complete their course.

SEQUEL TO WAR WORK

Y. M. C. A. Plans Enterprise for
Ex-Service Men.

New York, Dec. 1.—Completed
plans were announced tonight for
a \$2,000,000 educational enter-
prise among former soldiers, sail-
ors and marines by the Young
Men's Christian Association as a
sequel to its war work. The pro-
ject originally called for the ex-
penditure of \$1,000,000 but that
amount has now been doubled. It
is proposed to award 46,200
scholarships, providing vocation-
al lectures for those who do not
receive scholarship, give free oc-
cupational guidance, and promote
special work in Americanization.
Classes in English and nation-
alization are included in the last
named.

RELIEF FOR VIENNA

Supplies Worth \$100,000 Will Be
Sent to Berlin and Vienna

Washington, Dec. 1.—All sup-
plies remaining in the hands of
the Stockholm food commission
and worth upwards of \$100,000
will be sent to Berlin and Vienna
according to Swedish press reports
reaching Washington today thru
official channels.
The newspapers of Sweden
urged relief for the children of
Vienna, here conditions of dis-
tress were reported acute.
The population of Vienna is
suffering from hunger and cold
with resulting diseases and many
deaths the advices said.

WINS IN STRAIGHT FALLS

Chicago, Dec. 1.—Ed (Strang-
ler) Lewis defeated John Olin in
two straight falls tonight. The
first fall was secured in 50 min-
utes, while the second required
less than one minute.

RENEW NEGOTIATIONS FOR A COMPROMISE

General Feeling that It May Be
Some Weeks Before Action
Can Be Had on Treaty.

Washington, Dec. 1.—Negotia-
tions for a compromise ratifica-
tion of the peace treaty were re-
newed today with the reas-
sembling of congress but the
general feeling of senators on
both sides was that it might
some weeks before the movement
reached the stage of formal ac-
tion.

Republican and Democratic
leaders found themselves in
agreement that the legislative
program should not be longer de-
layed and that the treaty should
not be brought again before the
senate formally until a way to
dispose of it finally had been
opened by private discussion.

The disposition to leave the
treaty sidetracked for the present
was expected by Senators gener-
ally to be reflected in the message
which President Wilson will send
to congress tomorrow.

In the short session today
neither the treaty nor the peace
resolution was mentioned but
there was much private talk
which developed in reference to a
compromise.

To these discussions however,
Senator Lodge, the Republican
leader was not a party. He had
announced his position to his
colleagues to stand squarely behind
the reservations accepted by the
majority at the last session.

Senator Hitchcock, the Demo-
cratic leader, predicted that the
compromise efforts would succeed
and that within a few weeks it
would be proceeding with the
treaty and ratify it quickly. He
expects to see President Wilson
soon and is expected to ascertain
just what reservations the presi-
dent would accept rather than see
the treaty die.

ASK FOR RECEIVER

Suit Filed Against Auto Company
of Decatur

Chicago, Dec. 1.—Suit that a
receiver be appointed was filed in
the United States district court
today by Jennie H. Eaton of Joliet,
against the Comet Automobile
company of Decatur, Illinois, John
M. Cantor, a stock salesman for
the company, George W. Jager,
president and general manager of
the Comet company, C. Vernon
Beck, vice-president; R. H. Camp-
bell, secretary and six other offi-
cials of the concern.

The bill in addition to asking for
a receiver wants an accounting
made by the company and also an
equal distribution of the assets
against stockholders. The bill
alleged that the complainant who
is a stockholder in the company
was assured that tractors, auto-
mobiles and trucks were being
turned out in numbers and that
these statements are fraudulent.

SPENDS BUSY DAY

Lady Astor is Speedily Learning
"The Ropes" in House

London, Dec. 1.—(By The As-
sociated Press.)—Returning into
the house from a visit to the lo-
by at 10 o'clock this evening
Lady Astor was embarrassed as
how to reach her seat without
violating the rule forbidding a
member to pass in front of a
speaker. Finally she took a seat
under the side gallery and as-
sumed a nonchalant attitude, her
hands thrust in her coat pockets
to the apparent amusement of
the other members of the house.
Later she listened attentively to
Andrew Bonar Law, who, like Mr.
Chamberlain, opposed the premi-
um bond issue. In the lobby goss-
ip she already had been chris-
tened "Angel" in the House
and she laughed with the rest of
the members when Mr. Bonar Law
referred to her as being "on the
side of the angels in the matter
of premium bonds."

MINISTRY RESIGNS

Fall of Spanish Ministry Has Been
Lately Predicted.

Madrid, Dec. 1.—(Havas.)—
The Spanish ministry resigned to-
day.

The proceedings in the Cortes
as indicated by recent dispatches
from Madrid have consisted main-
ly of a controversial debate over
the budget. The government found
itself unable to make any progress
with the budget bill owing to the
opposition of Juan De La Cueva
former minister of war.
The fall of the ministry has
been predicted for the past ten
days.

MUST DOCTOR PRODUCT

Alcoholic Preparations Must Be
Made Undrinkable.

Washington, Dec. 1.—Prohibi-

notice on manufacturers of propi-
etary medicines, barber's sup-
plies and other alcoholic prepara-
tions today that they must doc-
tor products so that they may not
be used as beverages after Janu-
ary 16, when constitutional pro-
hibition becomes effective.

NEGRO IS LYNCHED

Macon, Ga. a.e.d.cmfw cmfw
Macon, Ga., Dec. 1.—An un-
identified negro was lynched near
here last night after he had shot
and seriously wounded Hansel
Rosier, a farmer's son. The mob
worked so quickly that the neigh-
borhood knew nothing until the
negro's body was found hanging
from a tree near a church. Rosier

of the 135 men including United
States Senator Truman H. New-
berry who were indicted by a fed-
eral grand jury Saturday on
charges of corruption, fraud and

"Coal up or shut up" is the latest.

The United States Grain Corporation announces that it has purchased 500,000 barrels of straight grade flour at an average price of \$10.29.

The coal strike is forcing the attention to many manufacturers to the use of "white coal" or power, light and heat generated by water power. The Mississippi is dammed at Keokuk, and for some years has proven a dependable source of supply. Ice in winter was for a time a great problem but has been solved. In the south are many rivers that never freeze, but not one is, as yet, producing electricity. "White coal" may be greatly developed as a result of the present strike and resultant scarcity of "black diamonds."

WHERE NEW YORK EXECUTIVES COME FROM.

"Sixty per cent of a representative group of one hundred well-known men in the New York financial district were born in states other than New York," the National Bank of Commerce in New York finds as the result of a survey of the situation published in the December number of its magazine, Commerce Monthly. "About half of the remaining forty per cent were born in New York City itself."

"It is common knowledge," the bank declares, "that New York draws her captains of finance and industry from all over the United States. This representative

group includes officials such as presidents of life insurance companies which have assets in excess of \$100,000,000; presidents of transportation, telephone, telegraph and express lines; officers of banks and trust companies with capital surplus and undivided profits of \$10,000,000 or over; and directors of other large business houses."

The bank claims the table of results "does away with the idea that nearly all 'big men' came from small towns." Twenty-eight of the hundred came from towns whose population is less than 5,000, but twenty-eight others came from cities of 1,000,000 and over. Two came from places whose population is between 5,000 and 10,000; twelve from cities between 10,000 and 50,000; nine from cities between 50,000 and 100,000; fourteen from cities between 100,000 and 500,000, and seven from cities between 500,000 and 1,000,000.

SPECULATION AND CREDIT.

Commenting on the recent high level of money rates, Commerce Monthly in its Money Market discussion holds this came largely from speculative activities which overburdened a credit situation already strained by unusual demands from commercial enterprises. The cure, it declares, is not an extension of credit facilities but an arousing of public sentiment against speculation.

"Since the conclusion of hostilities a year ago," it says, "credit demands on banks have increased steadily. Since midsummer this increase has been rapid. This situation has resulted in part from the unusual volume of credit at prevailing high price levels to finance commercial enterprises and the marketing of crops. The lateness of certain crops, the slow movement of grain, strikes at ports and general industrial unrest have tended to increase both the duration and the volume of financial assistance required from banks."

"At the same time there had developed a vast amount of speculation—not in stocks alone, but in land, cotton, grain and in commodities generally over the whole country. The undue growth of this general spirit of speculation threatened a serious impairment of the country's credit position, and a point was approached where the further extension of the banking position to finance speculative activity became inexpedient. In the face of this scarcity of funds, and in consequence of its own over-extended position, the stock market has undergone a severe liquidation."

"In view of the speculative spirit widespread over the country the development of public sentiment against the undue extension of speculation and possibly further advances in Federal discount rates, may be necessary to restore normal conditions. It would seem to be clear that any permanent relief of the credit situation must come thru a reduction in the demands for speculative purposes generally, rather than in a further extension of the supply of credit."

WHAT'S THE MATTER AT WASHINGTON.

The Republican Publicity Association, thru its President, Hon. Jonathan Bourne, Jr., gave out the following statement from its Washington Headquarters:

"On September 23rd the United Mine Workers of America, in convention at Cleveland, formulated their demands for a six hour day and a five day week, and served notice upon the operators that unless the new schedules were granted there would be a general strike in the bituminous fields on November 1st. The convention adjourned, leaving the miners' officials powerless to negotiate terms with the owners, and able only to present the ultimatum adopted by their convention. That ultimatum was impossible of acceptance, as it meant not only the raising of the price of coal out of all reason but also the curtailment of supply to such an extent as to effect seriously the industries of the country."

"Everybody knew that the threatened strike could not be avoided. The officials of the Gov-

ernment were aware of that fact and of the disaster that would be visited upon the railroads and industries generally. But nothing was done. The usual conferences were held, both sides to the controversy were urged to compromise their differences, and the President issued an appeal to the miners to continue at their work, which, in its practical effect, was not worth the paper on which it was written. No affirmative action whatever was taken by the Government to prevent the calamity."

"The strike came and for a month the country has suffered from its blighting effect. To date the executive department of the Government has done nothing but talk and issue advice so far as taking steps to resume coal production is concerned, although certain measures have been adopted for conserving the supply on hand. The judicial department has issued an injunction against the use of the huge benefit fund of the miners, and ordering the officers of the Mine Workers to rescind the strike order. That court mandate has been complied with, but with no more effect on the production of coal than if the Federal judge had remained silent."

"The situation resolves itself into this: For two long months the Administration has been confronted with the certainty or the actuality of a nation-wide coal strike with all its attendant evils. During all of that time, not one single effective step has been taken to aid the people, the maintenance of whose welfare furnishes the only reason for the Government's existence. The future holds no hope of a settlement so far as any affirmative action by the officials at Washington is concerned. Discussion follows discussion; the Cabinet holds all-day meetings and adjourns in a wrangle; nothing is accomplished; the personage in the white house, still clinging tenaciously to the prerogatives of President Wilson, seemingly is mentally incapable of sound judgment and utterly lacking in the physical stamina and nervous energy required to deal with the emergency; dear old Secretary of Labor Wilson, himself secretary of United Mine Workers for eight years, fusses about in a vain effort to bring together the opposing factions on a compromise and at the same time to convince the public that his interests are entirely neutral, and Dr. Garfield, the professional theorist from Williams College, is hastily called in in the capacity of expert to show befuddled Washington the way out of the muddle. Garfield has evolved a plan that appears to have many of the elements of sanity, but nobody else in authority favors it. At best it is only advice as to wage scales, with no means for its enforcement even if adopted, and making no provision for the actual mining of coal. The Government has failed to function. The people are now merely inconvenienced; soon they will be freezing and starving, and that means riots and more determined efforts than ever at the establishment of anarchy. Unless the crowd of vociferants with whom the President has surrounded himself at Washington awake to their duty and perform it with resolution the succeeding weeks will be a period of peril to these United States."

Beardstown, Dec. 1.—At a mass meeting of citizens held here this evening a resolution was unanimously adopted asking Governor Lowden to take over the coal mines of the state for a period of 90 days or such time as may be necessary and operate them on terms agreeable to the miners and the state.

The meeting was presided over by Mayor Perry and there was a unanimity of opinion that the state should take action to relieve the present crisis. The hope was expressed by some speakers that other cities would take like action and thus show that the public was tired of suffering thru strikes and controversies between operators and miners.

The committee appointed by Mayor Perry to draft the resolution was composed of George T. Saunders, police magistrate; Phil Kahl, retired merchant; C. A. Schaeffer, editor of the Illinois Star; A. Looman and A. T. Harrison, members of the city council.

Rippling Rhymes By Walt Mason

It Is Coming.
Let us think of Kris H. Kringle, who will soon be scheduled here, and we'll hear his sleighbells jingle on the frosty atmosphere. Long our thoughts have been of battling and of captains in their ride, and of blood and icy bones rattling where some fellows crawled and died. We've been wont to walk and mingle with the things opposed to mirth; let us walk with J. Kris Kringle, who is boosting peace on earth. We have been immersed in trouble, we have sloshed around in care; we have long been pulling double, and our team mate was despair. Every kind of tribulation that the grief works could produce, has been dumped upon this nation, every evil has been loose. But the Christmastime is coming, when our sorrows find release and K. Kringle's harp is humming with the melodies of peace. I am glad to greet the season when

CONSERVE FUEL

By appointment of Mayor Crabtree the committee on fuel supply will co-operate with the people of Jacksonville in seeking an equitable distribution of fuel.

A notice sent out from Washington yesterday by Dr. Garfield, national fuel administration, requested strict economy on the part of all citizens in the use of coal. Industries that are classed as non-essential in cities everywhere are being closed down.

The supply of coal available is exceedingly limited and nothing but the most rigid economy on the part of all consumers and generosity on the part of those who have fuel stored will prevent actual suffering and disaster in Jacksonville.

The committee believes that with hearty co-operation on the part of the public that the present emergency can be bridged over without the unfortunate results that are possible.

John S. Hackett, Chairman.
Joseph F. Shreve, Secretary.

Dad Kringle comes to town, when there isn't rhyme or reason in a protest or a frown. In the snowy copse and dingle, in the spinney and the glen, I will root for J. K. Kringle, boost his nob and boost again.

BEARDSTOWN WANTS STATE TO TAKE MINES

Meeting of Citizens Adopted Resolution to That Effect Tuesday Night—Want Governor Lowden to Operate Mines on Terms Agreeable to Miners and State.

Beardstown, Dec. 1.—At a mass meeting of citizens held here this evening a resolution was unanimously adopted asking Governor Lowden to take over the coal mines of the state for a period of 90 days or such time as may be necessary and operate them on terms agreeable to the miners and the state.

FARMERS ORGANIZE FOR MUTUAL BENEFIT

Illinois Agricultural Association Now Has Nearly Forty Thousand Members.

Since last April 38,570 farmers have joined the Illinois Agricultural Association. In 28 counties where membership campaigns have been held there is an average membership of 1,200. Ninety five per cent of the farmers who have been asked to join have paid the \$5 membership fee for the first year and signed checks for two more years. Memberships are coming in at the rate of 400 a day and 2,000 a week.

It is a remarkable record and it shows the earnest desire of Illinois farmers to have an organization thru which they can speak and act. Just last April representatives of the 74 County Farm Bureaus got together and decided they needed a State business organization of farmers. County Farm Bureaus have been going for eight years in Illinois. The work has been to make the farming business efficient, to improve farms and to make higher production. Now farmers realize that if they produced 200 bushels of corn per acre they would still have many problems which would prevent agriculture from being on a permanent paying satisfactory basis which would direct the attention of the best men.

Farmers have many problems outside the fences of their farm directly affecting their business. Agriculture is the foundation of all other businesses and the problems of farmers are the problems of the Nation. Farmers feel they are responsible for making their business feed the people and they feel that they are responsible for contributing their share toward settling the Nation's problems.

Illinois farmers are building a strong organization to do these things. There is no other organization of any set of business men which is trying more earnestly to make their business thoroughly efficient as well as paying and satisfactory. At the rate farmers are joining the Illinois Agricultural Association there will be an organization of over 100,000 by this time next year. These men are real bonafide farmers who own and work farms. Their attitude has been constructive and American.

EXAMINATIONS FOR U. S. SPECIAL AGENTS

Examinations to establish a list of eligibles for appointment as special agent of the special intelligence unit of the Bureau of Internal Revenue will be held by the United States Civil Service Commission December 10, 1919 and January 7, 1920. The special intelligence unit is not a part of the administrative branch for the enforcement of the prohibition laws, the duty of special agents being to investigate charges of violation of all internal revenue laws. Investigation and report is made by them, also, of charges of serious infractions by employees of the rules and regulations governing the Internal Revenue Service. Entrance salaries range from \$1,500 to \$3,000 a year, with opportunity for promotion to \$3,600 a year. Allowance is made for traveling expense.

Applicants must be between the ages of 25 and 45 on the date of examination. Age limits, however, do not apply to persons entitled to preference because of military or naval service.

The examinations will be held in the following cities in the Eighth District of Illinois: Cairo, Decatur, East St. Louis, Effingham, Quincy, Springfield, Urbana.

GOVERNMENT GIVES REBATE ON BACON

Some months ago when the government disposed of grocery and meat supplies to citizens thru the postoffice of the country a quantity of bacon was sold at 36 cents per pound.

Yesterday Postmaster Dunlap reported that the government had given a rebate of 11 7-12 cents per pound on this bacon which made the cost to the purchaser 24 5-12 per pound. This price is considerably below the market price prevailing at that time.

The local office was busy yesterday mailing out checks to residents of this city and county who made government purchases at that time.

They reported the session one of the best ever held with a large attendance and splendid speakers. Those making the trip from this city were: Albin Molohon, Ralph Floreth, Arthur Green, Paul Bolman, Russell Arter, Victor Sheppard, Robert Furry, Glendon Reeve, Howard Nicol, J. S. Findley.

The sessions thruout the week were of great interest to the delegates and Aurora citizens treated the gathering royally. The climax of the conference was Sunday afternoon in the big meeting at the First M. E. church where all of the sessions were held.

Conference Speakers
The speakers were from among the best known men in the country engaged in boy's work. They were:

H. W. Gibson, of Boston, Mass., State Boy's Work Secretary of the Young Men's Christian Association of Massachusetts and Rhode Island, for 25 years a Boy's Work Secretary.

Capt. J. M. MacKendrick, enlisted as a private in the Canadian army at the outbreak of the war. Went to France with the first contingent. Was decorated and commissioned for his fearless leadership and bravery in action. He was wounded and gassed several times on the western front. He brought a great message.

Dr. Winfield Scott Hall, of Chicago, for long years connected with Northwestern Medical School, an authority on sex hygiene, writer and lecturer.

James Taylor, intimate friend of Sir Douglas Haig and General Allenby, and for 30 years in India with the British army, and in the Boer war. He served overseas as a Y. M. C. A. secretary, and was with the Marines at Chateau Thierry at the time of their first drive.

Dr. Hervey Smith McCowan, of Grinnell, Iowa, lecturer and author of "The Trail the Boy Travels," and numerous other stories.

Dr. Franklin Harris Hall, of Northwestern University, Dr. Hall has just completed a tour of colleges on Life Work Service.

Dr. Gustav B. Kimmel, president of the Evangelical Theological Seminary, Naperville, Illinois, a real friend of young men.

Reverend R. H. Heike, pastor of First Christian church, of Springfield, Illinois. An outstanding Sunday school worker.

Mr. William Francis of Chicago, is the senior partner of the firm of Francis & Nygren Foundry

Company, Chicago, Illinois. Mr. Francis is one of the leading business men of Chicago, and is very much interested in boy life. He brings a message of great importance and one in which he believes tremendously.

LITERBERRY MAN WEDS VIRGINIA GIRL

Carl Myers and Virginia Zillion Are Married Last Week In Springfield — Other Literberry News.

Literberry, Dec. 1.—The marriage of Carl Myers, son of Mr. and Mrs. John Myers of near Literberry and Miss Marie Zillion of Virginia, occurred in Springfield last Wednesday. The bride is the daughter of Mr. and Mrs. William Zillion of Virginia and is a young woman highly respected by all who know her. The groom is a farmer by occupation, residing southeast of Literberry, and is rightly accounted one of the substantial young business men of this community. Mr. and Mrs. Myers are at present visiting relatives in Virginia. They have many friends in this vicinity who will extend congratulations and sincere wishes for a happy and prosperous married life.

News Notes.
John and May Myers of Literberry were Jacksonville shoppers today.

Miss Emma Johnson returned home today after a pleasant week's visit with Miss Anna Foster in Blandville, Ill.

MATRIMONIAL

Fair-Weils.
Kenneth F. Fair of Carrollton and Miss Ruth Weils of this city were united in marriage in Decatur Friday evening. The ceremony was said by the Rev. T. Harley Marsh, pastor of the First Baptist church of Decatur and formerly pastor of the First Baptist church in this city. They were attended by Samuel Bradford and Miss Ione Criggin of Decatur.

The bride is the eldest daughter of Mr. and Mrs. Ellsworth Weils of 1002 South Main street. She received her education in the public schools of the city, graduating from the high school in the Class of 1919. She is a young woman whose charm of manner has won for her many friends.

The groom is the son of Mr. and Mrs. William Fair of Carrollton. He was a member of the 33rd Division and was overseas for two years. He is in the employ of the Jenkinson - Bode Grocery Company.

They will make their home for the present with the parents of the bride, 1002 South Main street, and will have the best wishes of a large circle of friends for a long and happy married life.

SOLD FARM.

John R. Wilson has recently sold his farm of 240 acres southwest of Waverly to Henry P. Opperman of Bloomington. The sale was made by Charles H. Story and the purchase price was \$2,900. Mr. Wilson has owned the land but a few months and as he had an opportunity to turn the property at a satisfactory profit let it go to another owner.

HEARD JUDGE LANDIS.
Judge Paul Samuel has returned from Chicago where he went to attend the sessions of the Illinois State Bar Association. Saturday night he had the pleasure of listening to a very remarkable address by Judge Kemesaw M. Landis. Americanism was the theme that the speaker used and his address was of a kind to stir his audience to great enthusiasm.

NO SPECIAL FAVORS
The story has been circulated that while in jail Dr. Reddish has been shown special favors by Sheriff Weatherford. Yesterday the sheriff stated that this report had been served the same food as other prisoners and had seen the prisoner's disposal and he has books and magazines, all of which he paid for from his own funds. No special liberties were granted this prisoner.

by that means of their indictment and being asked to report at the offices of the United States marshal. None of those named in the indictments consented to discuss the case with the exception of Paul H. King, Newberry's campaign manager who declared at Detroit yesterday that the investigation and action of the grand jury were political in character.

Pomerene Resolution
Washington, Dec. 1.—Simultaneously with the local proceedings at Grand Rapids an effort will be made in the senate to hasten action on the resolution of Senator Pomerene, Democrat, Ohio, for a senatorial investigation of the Ford-Newberry contest in Michigan.

The resolution introduced several months ago, was laid aside at the opening of the Ford libel suit at Mount Clemens, and never has been called up. It is now in the hands of the expenditures committee. Senator Pomerene is understood to have given notice today that unless action was taken he would move to discharge the committee and bring the resolution to the floor.

The general prediction tonight was that the committee would bring in its report within a day or two. Adoption of the resolution is expected to follow quickly. Senator Pomerene's resolution covers the primaries as well as the senatorial election itself and contemplates inquiry into the campaign expenditures and practices both of Senator Newberry and of Henry Ford, his Democratic opponent. It was suggested by those in close touch with the suggestion, however, that any senate investigation would center on the election rather than the primary fight.

STRINGENT ORDERS

will provide temporary relief for that city. Springfield, Ill., Dec. 1.—The strike of the bituminous coal miners will only be settled by agreement on a 31 per cent increase, according to John L. Lewis, acting president of the United Mine Workers of America. Mr. Lewis, at his home here today for a rest after the conference with operators and government officials at Washington, declared the government must redeem "its pledge to the miners of a 31 per cent increase."

"Today demonstrated that the coal miners will not accept the 14 per cent increase granted by the fuel administrator," said Mr. Lewis. "As a matter of fact they will not accept anything except the 31 per cent increase offered by Secretary Wilson."

Mr. Lewis said the situation was unchanged as far as the miners are concerned, and that he could make no prediction as to the next move to end the tie-up in the coal producing industry. Thruout central Illinois the mines remained idle. There was no response to the notices posted of the 14 per cent increase to be granted under the order of the government. Whistles were blown this morning, but miners did not answer the call.

Racine, Wis., Dec. 1.—Jos Burman of Chicago outpointed Mike Dundee in a ten round bout tonight. The men are bantamweights.

FUEL SITUATION REACHES ACUTE STAGE

Day's Supply at Light Plant and South End Station—Many Themes Discussed at City Council Meeting.

The fuel situation, bad roads, neighborhood rows and divers her themes were the subject of discussion at the regular meeting of the city council Monday evening.

Controversy over an alley in G. Farrell's addition reached the city council after property owners in the vicinity were unable to reach an agreement. The matter came in the shape of a petition from C. A. Rose, asking the city council to take steps toward opening the alley.

A committee from the Jacksonville Automobile Dealers Association presented a communication to the council asking steps be

taken to improve the highways entering the city.

Mayor Crabtree named a committee to investigate the sewer situation and make recommendations for improvement. The mayor also named a fuel committee to take charge of the situation and alleviate suffering so far as possible.

When Clerk Pyatt called the roll it showed all members present. Mayor Crabtree presided. The minutes of the last regular meeting were read and approved.

Wants Alley Opened. The clerk read a petition from Charles R. Rose, asking the council to take steps toward opening an alley in F. G. Farrell's division he could get access to his property. The petition was accompanied by a plat of the division showing the conditions.

Attorney F. L. Gregory was present, representing Mr. Rose and explained the situation to the council. Mr. Gregory recited the law governing the dedication and acceptance of streets and alleys by a municipality.

W. T. Dyer, one of the property owners affected was present and addressed the council. Mr. Sooy and Mr. Rose also spoke briefly. The matter was discussed at length by the property owners and all said they would abide by whatever decision the council made.

Mayor Crabtree said the council would dispose of the matter as the law required and under the advice of the city attorney. He was in hopes that the property owners would get together, however, and settle the matter without litigation.

The petition was referred to the Highway committee with power to act, the motion being

made by Alderman Moore, seconded by Alderman McGinnis.

Ask For Good Roads. A communication was read from the Jacksonville Automobile Dealers Association asking the council to take some steps toward placing the roads inside the city limits in good condition.

R. T. Cassell said that while the association would like to see all roads leading into the city in good shape, that they referred particularly to the Morton and State roads. He said the association wanted to assist in putting the roads in shape. J. P. Claus, J. G. Berger and H. E. Ransom also spoke along the same line.

Mayor Crabtree said that the former council had passed ordinances to pave those streets inside the city limits, but that the property would not be benefited by the amount of the assessment. He understood that residents along the Morton and State roads in the country had agreed to make up the deficit.

Superintendent of Streets White said that until the city did something toward making its pavements inside the city passable, that people in the country should not be expected to give money toward the work.

The aldermen favored the appointment of a committee from the Automobile Dealers Association to work in conjunction with the council and highway committee. This was put in the form of a motion and carried.

Claims against the city were presented and ordered paid when funds are available.

Report of H. C. Clements, treasurer, showed a balance in the general fund November 20, of \$17,030.75.

R. L. Pyatt reported collected thru the clerks office, \$407. Jacksonville cemetery, \$113.85. Diamond Grove cemetery, \$313.90.

W. T. Cobb reported collections as follows: Meter repairs, \$5.73; meters sold, \$39; taps, \$12; water rent, \$3,677.64. Totals, \$3,734.37.

Chief of Police Kiloran reported 13 arrests. Fines collected, \$86.70. City costs, \$11.30. J. P. Costs, \$27.

Fuel Situation Acute.

Alderman Chapin, chairman of the light and water committees, reported there was enough coal at the light plant by shutting off all lights to operate the pumps until Tuesday. There was enough coal at the south end station to last thru Tuesday, then if something did not happen, they would have to quit.

Mayor Crabtree said that in accordance with a motion made at the last meeting, he had appointed a committee to investigate the sewerage system of the city and make recommendations for its improvement. The committee is composed of P. J. Waddell, chairman; H. M. Capps, Thomas Flynn, A. C. Metcalf, P. E. Farrell, Bernard Chase and J. F. Claus.

The mayor also spoke of the fuel situation and said that E. H. Gray, general manager of the

Jacksonville Railway & Light

Company had spoken to him about the fuel situation. Mr. Gray had told him that many people wanted to get coke and that one man who had his cellar full of coal had wanted to buy some. Mayor Crabtree said that Mr. Gray had asked that he be helped in the distribution of fuel in order that there be as little suffering as possible.

Appoints Fuel Committee. The mayor announced the appointment of a fuel committee consisting of J. S. Hackett, chairman, Joseph Shreve and J. W. Walton. This committee will take charge of the distribution of fuel during the present acute stage and see that the fuel available is properly distributed.

The matter of the condition of the city building known as the old Fourth Ward engine house which is rented by the Illinois Telephone Company was brought to the attention of the council by the mayor. It was referred to the public improvement committee to investigate and report.

J. W. Baptist who has the contract for furnishing coal to the south end pumping station was present and told the council that he had made every effort to get coal, but had been unable to do so. He said if the council could assist him, he would appreciate it.

Attention was called by the mayor to a special meeting Friday night to receive bids for bonds. All of the aldermen said they would be present at the meeting.

There being no further business the council on motion adjourned.

ALLEGED BANK ROBBER CAPTURED

Morgan County Officials Place Under Arrest Man Charged With Attempt to Rob East Alton Monday.

Sheriff W. H. Weatherford with Deputies Benjamin Andrews and Oyer Wright, placed Clayton Henkins under arrest Sunday and brought him to the county jail. Yesterday afternoon Henkins was taken to Alton by Deputy Sheriff C. H. Herman from that city. A message came to the sheriff Sunday intimating that the Henkins, who has the alias of Patterson, was wanted for alleged complicity in a bank robbery. Two hours later the sheriff and his deputies had Henkins under arrest at the home of relatives about 4 miles northwest of Murrayville.

Herbert and Owen Rolly, who were arrested on the belief that they were mixed up in the robbery, are said to have given the information which led to the arrest of Henkins. Some time ago and attempt was made to rob the East Alton Bank and while arrests were not made at that time, the circumstances proved that the robbers had stolen a car belonging to Judge W. E. Thomson of this city, later abandoning it near New Berlin. They removed the license tag and attached it to another machine.

The attempt to rob the East Alton bank was not successful, but since that time authorities have been making earnest endeavor to round up the men implicated.

ATTENDING LIVESTOCK SHOW

William J. Miller came down from Champagne to spend Thanksgiving with his parents, Mr. and Mrs. J. Marshall Miller. He went to Chicago Monday morning where he will attend the International Livestock show for a few days and will then return to the U. of I. The advance students of the agriculture department are expected to attend the International Livestock show. The University sends some of their professors there to go with the students and point out the strong characteristics of the different exhibits. Students attending the exhibit are given credits for class work in animal husbandry.

Dr. J. R. Harker and Dr. F. M. Rule made a business trip to Pike county yesterday.

SCHOOL PROPERTY WILL BE REVALUED

Board of Education Orders Same at Monday Night Meeting—Other Matters Given Attention—Three Teachers Resign.

The board of education transacted routine business last evening. Revaluation of property was arranged for; various minor expenditures for materials of small amounts were authorized; resignations of Misses Lydia Hamilton, Marcia Sleezer and Helen C. Rogers were accepted. Lights were to be changed in the Washington school building; the coal situation was discussed, and the board adjourned subject to the call of the president to consider some proposed changes in the specifications for the new high school building.

The proceedings: The board met in regular session with all present except Member Black, out of the city, and Member Rapp, who has been accepted as juror in the murder case now pending in the circuit court.

Bills. J. 1,233, general; \$469.25, building and repair fund and \$9,021.96 were ordered paid.

Prepare to Issue Bonds. There was a feeling of relief on the part of some when it was announced that the formality of a petition for a bond election had been complied with as it had been feared by some that it had not as it was attended to so long ago but the documents shown by the secretary and the suitable entries on the records. The president and secretary were instructed to prepare necessary papers and other matters for the bond issue.

Several communications from bond houses regarding expenses of examining the legal history or status of the bonds were read but action was not deemed necessary.

The buildings and grounds committee reported that the services of Charles B. McCormick, an expert of St. Louis, had been secured for revaluation of school property for \$200 and it was considered a reasonable figure. Some radiator valves in the David Prince building were ordered replaced and further precautions regarding fire taken.

The new traps which had been placed in the heating apparatus of the David Prince building were reported doing all right.

Fuel Supply Low.

The coal situation was discussed informally at considerable length. It was the determination of the board to use every possible means to keep the schools going. It was suggested that the distributor of fuel in Chicago would give preference to schools and hospital and there were some other sources; also the possibility of getting West Virginia coal and various other sources were discussed and the decision was to urge Harrigan Brothers to keep the schools going and use every means to do so.

The supply on hand at the David Prince building was small, that at the ward school buildings better but all were low and it was the determination to use every possible effort to keep the schools going. It was suggested if the state house at Springfield would have to be closed, the prospects for coal in Jacksonville were not wholly bright. Some small local mines are being opened but they will supply only a little. The building and supplies committee were authorized to use every possible effort to keep the supply up as needed.

Three Teachers Resign.

The resignations of Miss Lydia Hamilton on account of such ill health that she had been out several weeks and could no longer perform the duties of teacher; of Miss Sleezer and Miss Helen C. Rogers going else where, were read and accepted with regret.

The teacher supply committee reported that for the remainder of the year Miss Isabel Baldwin, teacher in home economics, had been employed at \$100 a month. Mrs. Ethel A. McAvoy had been employed at a salary of \$83.65 as successor to Miss Rogers in the Lafayette school.

Lights Unsatisfactory.

The superintendent and teachers committee were empowered to fill Miss Hamilton's place.

The superintendent was instructed to buy some needed seat backs for the David Prince school building. He reported that the lights used in the ward buildings on dark days were not satisfactory being too high. As an experiment the lights in one room in the Washington building had been lowered with good results and the superintendent and buildings and repairs committee were instructed to see what it would cost to have all the rooms in that building similarly lighted. The lights in the other buildings would require possibly different treatment, or the wiring would have to be changed before the repairs or changes could be made there and no action regarding them was taken. The repairs made on the halls in the David Prince building were a success and it was decided to have all repaired in the same manner.

The superintendent said he had been asked if the school children might not solicit funds for a tablet to be erected to the soldiers from this county in the recent war but there is a rule against that work and the board didn't see fit to rescind it. Dr. Black had desired to meet with the rest of the board to discuss desired changes in the specifications for the proposed high school building and Dr. Smith was suggested and the board adjourned subject to the call of the president.

STOMACH UPSET!

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

J. Marshall Miller, who was taken ill Thursday morning, was somewhat improved Monday although he is still a very sick man. There has been intense suffering in connection with Mr. Miller's ailment. His early recovery is sincerely hoped for by his numerous friends.

SEEKING JURY IN REDDISH MURDER CASE

FOUR MEN ACCEPTED DURING FIRST DAY

Jersey County Case Called For Trial Before Judge Smith Monday Morning—No Continuance Sought—Defendant Surrounded By Family Appears in Confident Mood

The case of the people versus Dr. Thore Augustus Reddish of Jersey county on the charge of murder was called in the circuit court Monday morning at 9 o'clock. Judge E. S. Smith will hear the evidence in this case, which, because of various circumstances will attract state wide interest.

The trial, it will be remembered, is staged in Morgan county because a change of venue was granted by Judge Norman Jones sitting in the Jersey county circuit court, after a long list of affidavits had been presented indicating a belief that the defendant could not secure a fair and impartial trial in his home county.

When the court closed at 4:45 o'clock, only four jurors had been accepted. They are: Charles Bradley, grain dealer, Woodson E. H. Ranson, tractor dealer and mechanic, Jacksonville. John Gray, electrician, Jacksonville. Daniel Holle, carpenter, Jacksonville.

Early Adjournment.

Adjournment came earlier than expected because of an accident to the lighting system which shrouded the court room in gloom. Candles were secured by the sheriff and placed in various parts of the room, but the illumination was not sufficient in the opinion of the court to make it advisable for the trial to continue. It had been rumored about the court room a short time before the lights went off that Judge Smith had in mind a night session in order to make as much speed as possible with the proceedings.

State's Attorney Paul M. Hamilton of Jersey county is in charge of the state's case and is assisted by W. J. Chapman of Jacksonville and State's Attorney Carl E. Robinson of this county. Dr. Reddish is represented by D. J. Sullivan of East St. Louis, Sumner & Reardon of Jacksonville and John M. Butler of the firm of Wilson & Butler of this city.

Dr. Reddish as he sat within the railing near his attorneys, seemed in excellent health and spirits. He was requested in consultation with his attorneys and evidently will watch every detail as the trial progresses.

The defendant is probably 32 years of age, of athletic build, and yesterday showed not the least sign of nervousness and nothing of the pallor which characterizes some men after months of jail confinement. In fact, the cheeks of the prisoner glow with health and whatever the mental strain thru which a man must go with such charges against him, whether guilty or innocent, the prisoner shows none of that strain in a physical way.

Surrounded by Relatives.

Near Dr. Reddish yesterday were grouped his wife, who has recently returned from an extended stay in Boston; his little son, Hubert and his mother, Mrs. Stephen Reddish of Jersey county. A brother, Clarence Reddish, well known banker of Jersey county, is also giving the support of his presence to the prisoner and another vitally interested spectator yesterday was Mrs. John W. Mackelton, aunt of the accused in this case and wife of

the man who is charged with joint complicity in the crime. Judge Smith convened court shortly after 9 o'clock and called the Reddish case. Both the state and defense signified readiness to proceed with the trial.

No Continuance Asked

Contrary to the expectations of some of those in the court room, no motion was made by the defense for a continuance. Ordinarily it is easy for a defendant charged with a serious crime to obtain a continuance to another term. In this instance there was evidently no desire for postponement. This may have been due to the belief on the part of the defendant's attorneys that they will have little trouble in proving him innocent of the heinous crime with which he is charged. Then again the fact that Dr. Reddish has been in jail for many months, the motion for admission to bail having been denied, may have something to do with the desire on the part of the defense to proceed at this term of court, rather than to delay to a later term.

The first jurors called to the box by Circuit Clerk Boston were E. E. DeFrates, C. O. Bayless, William Batz, Edward Heimel, E. I. Ranson, John Gray, Daniel Holle, Frank Bahan, C. F. Glossup, Edward Bradley, E. M. Vasconcellos and S. G. Chumley.

Out of the original twelve, four jurors have been accepted and no other is numbered with the eight whose competency has not been passed upon.

Examining Jurors.

The questioning of veniremen was opened for the state by W. J. Chapman and D. J. Sullivan. The first questioning for the defense, Mr. Sullivan because of heavy cold did not continue and the task was taken up by John M. Butler. The interrogatories asked the veniremen by both the state and the defense were for the most part of a somewhat formal kind, seeking to know whether or not the men had formed opinions as to the guilt or innocence of the defendant.

The state showed some concern as to the views of prospective jurors on circumstantial evidence, and sought to find out whether here would be difficulty in accepting circumstantial evidence as adequate.

There were no questions asked relative to opinions or beliefs related to the infliction of capital punishment and so there was no indication that the prosecution proposes to ask for the supreme penalty. Of course the usual questions were asked as to the relation of veniremen to the different attorneys interested in the case, as to whether there were any intimacies that might possibly serve to prejudice.

Thirteen Excused

Among the veniremen examined and excused during the day were Edward Heimel, J. W. Wright, C. F. Glossup, Thomas Rodgers, Edward Gilliland, H. L. Deppe, Frank Bahan, E. M. Vasconcellos, Otto Spires, Gus Seymour, Crit Mainline, H. I. DeTurk, C. H. Seerup. All but one or two of these men were in the regular term panel and this fact gives reason for hoping that the additional jurors needed may be secured from the special panel of fifty already summoned.

The jury is in charge of Deputy Sheriff B. C. Andrews and is quartered at the Douglas hotel. When court adjourned at 5 o'clock there was a great crowding about the desk of Judge Smith by veniremen who have not yet been examined and who desired to be excused. The judge listened attentively to the various pleas but in practically all instances found it impossible to release the men from the prospect of jury service.

FUEL CONSERVATION IS NECESSARY HERE

Time Has Arrived to Cut Consumption—People With Coal in Storage Asked to Share It—Situation Acute at Light and Pumping Station.

As a reflex of the more stringent coal conservation rules issued yesterday by Fuel Administrator Garfield, there must come a tightening up here in Jacksonville. With a one or two days' supply at the city pumping station and only very meagre quantities of fuel in various institutions accounted as necessary, fuel conservation in Jacksonville is essential.

Until the last day or two Supt. Gray of the Jacksonville Railway & Light Co., has felt that the supply of coke would be equal to almost any emergency, but when enormous demands were made upon him yesterday, it became necessary to devise some equitable plan of distribution. It was after Mr. Gray had laid his own situation before Mayor Crabtree that the Mayor decided to name a local fuel committee. In accordance with this plan the executive at the council meeting last night appointed John S. Hackett, Joseph F. Shreve and J. W. Walton to serve on this committee.

Flooded With Orders.

An inventory of the coke on hand at the gas plant yesterday showed a total of 200 tons. Mr. Gray had been ordered Monday morning for 165 tons and during the day refused to accept dozens of additional orders. The reason for this action was his desire to make equitable distribution and to see to it as far as possible that the coke is taken to consumers who are in actual need. It is for this purpose that the committee was named to co-operate with Mr. Gray and further to help out in the whole fuel situation in any way possible.

Fuel Administrator Garfield has asked the mayors of the different cities throughout the country to name such committee in this emergency situation. John S. Hackett is chairman of the local committee and J. F. Shreve, secretary. Mr. Gray will refer all orders to the committee and at a session held last night it was decided that not more than 50 bushels shall be sent to any consumer except in the case of some institution or building where a 50 bushel lot would last only 24 to 36 hours. Fifty bushels of coke means one ton, and it was thought best not to make a small allotment because of the increased cost of hauling to the consumer and the further fact that smaller quantities in most cases would give very temporary relief.

Chairman Hackett of the committee will communicate with the various coal dealers and make plain the willingness of the committee to co-operate with them in distribution.

Would Avoid Duplication.

It is unfortunately true that many people, because of the fear of inconvenience or suffering, place orders for coal with more than one dealer. This committee co-operation it will be possible to avoid all duplication and the dealers will be able to send any coal received where the needs are actual and where distress will be relieved.

There is absolutely not a ton of coal in general storage in Jacksonville. Many private consumers have their winter supply in cellar storage, but no coal is being held by the dealers for distribution. The acute situation is not the fault of the dealers, but is a result of the general condition. Every dealer in Jacksonville has been making strenuous efforts to secure coal and none have hesitated as to the kind of coal or the price to be paid if shipments could be made. In the last few days only one or two cars have been received and these have been used in the places of the greatest need.

Must Pump Water.

Yesterday, Alderman Chapin of the light and water committee of the council decided to abandon all street lighting until further notice. This order was made so that it would be possible to utilize what little coal the city has solely for pumping purposes. While there is some little inconvenience in being without light that is an insignificant matter in comparison with what the shutting off of water would mean.

Two of the railroads reaching Jacksonville have promised coal for the water plant and officials feel confident that if a little coal as possible is used, that the supply will be augmented from time to time sufficiently to keep the city water and sewerage systems in operation. In fact, greater importance attaches to this plant than to any other in the city, for the health of the community is dependent upon it. Meanwhile, it is certainly the duty of every Jacksonville citizen to conserve fuel in every way possible. Persons who have an adequate supply of coal will certainly pay the part of patriotic generosity if they show a willingness to divide with other persons who are without coal. During the war time in some cities it became necessary for authorities to compel individuals who had stored coal to divide the supply with those who were less fortunate. There was authority at that time to compel such division.

It's Time to be Generous.

Locally there are already instances of fortunate persons sharing their fuel supply with others and it seems very likely that in the course of the next day or two many citizens will express a willingness to do this very thing. The householder who has a 90 days supply of coal in his cellar will not be the least risk or danger if he places a part of that supply at the disposal of people who are without coal.

One Jacksonville man who has a only a small coal supply and a daughter.

large house, yesterday shut off the heat in all but two rooms. This means inconvenience, but it is the right thing to do and this same course is recommended by the committee to all consumers.

W. E. OSBORNE MEETS DEATH UNDER TRAIN

Member of Well Known Murrayville Family Killed By Train at Carlinville Early Sunday Morning—Was Brother of J. E. Osborne of This City.

It was a very sad message that J. E. Osborne of this city received at an early hour Sunday morning, telling of the accidental death of his brother, William E. Osborne, at Carlinville. The deceased was an operator for the Chicago & Alton R. R., and was killed by a fast train sometime between 3 and 4 o'clock Sunday morning. Mr. Osborne received the message in time to catch the early Alton train for Carlinville and yesterday brought the remains of his brother to the family home in Murrayville.

The deceased had been located in Carlinville only a short time and in fact had not yet taken his wife and three children from Murrayville to their new home. The suddenness of the death makes it particularly sad and sincerest sympathy is accorded to the wife and three little children so suddenly bereft.

While all the facts concerning the tragedy are not yet available, it is understood that in attempting to deliver a message to the crew on the passing train, he stood too near to the train and was struck by a steam box of the engine.

The deceased had spent most of his life in Murrayville and vicinity, altho he was in the service of his country during the war with Cuba. For several years afterward he remained in a branch of the navy. He had devoted much time to the study of telegraphy and was an expert in this line of work. However, he later determined to abandon it and engaged in farming. Altho successful in this business, when the world war came on he decided to give up farming and to temporarily reenter the railroad work because of the great need for men.

Subsequently he was asked by the Alton to take the position at Carlinville and as already indicated, was about to move his family to that city.

Mr. Osborne was a member of Murrayville Methodist church and a man of most exemplary life. He lived earnestly and righteously and those who knew him best had great respect for him as a man of the highest ideals.

Mr. Osborne is survived by his wife and three small children; three sisters, Mrs. Julia Sullivan and Mrs. Mary Blakeman of Murrayville, and Mrs. Hannah Harper of Coach, Kans.; seven brothers John, Henry, and Harvey Osborne of Murrayville; J. E. Osborne of this city; Robert Osborne of Bozeman, Mont.; Charles W. Osborne of Montana; Frank Osborne, Lacombe, Alberta, Canada.

Final plans for the funeral have not been completed, awaiting information as to the expected arrival of relatives living at a distance. It is probable that the funeral will be held some time Wednesday.

Deaths

Kooyers.

Word has been received of the death of J. V. Kooyers of Holland, Michigan. The gentleman was an experienced gardener and park man and made the city a visit at the request of the park board a few years ago and made a very pleasant impression on all whom he met. He was highly valued in Holland where he had some fine evidences of his work to show.

REGULAR HABITS NOW: CONSTIPATION GONE

Mr. Brooks Suffered for Years—Tells How He Got Relief.

"I have tried a great many things for constipation, but the only thing that has been able to relieve me is Milks Emulsion. I am on only my second bottle and have to take very little of it now. My bowels move regularly every morning, which they have not been doing for a number of years. It seems like living again, after suffering so long. I recommend Milks Emulsion to two of my friends and both say it is the best remedy they ever heard of."—Elmer C. Brooks, 329 Washington St., Peoria, Ill.

Constipation weakens the bowels muscles. Salts and purgatives only increase this condition. Milks Emulsion is a real corrective remedy. You can try it under its guaranty, without risking a cent. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere—Adv.

GREATEST THING IN WORLD IS LIFE

Said Dr. Frank W. Allen in Forum Address at Congregational Church Sunday Evening—Must Live in Atmosphere of Love to Achieve Success

A fine and appreciative audience gathered at the Congregational church Sunday evening to hear Dr. Frank W. Allen of Springfield in his famous lecture, "Personality Plus."

Before beginning his address he said there were two kinds of audiences he liked best: woman's clubs and open forums. The former were devoted to art and capable of judging what was said on that topic while such audiences as he faced were seeking to know what to think.

He praised the open forum as a fine enterprise which was to be found in most cities of any size and paid Rev. W. E. Collins a handsome personal compliment having had a pleasant association

HEARTBURN Caused by Acid-Stomach

That bitter heartburn, belching, food poisoning, indigestion, heart after eating, are caused by acid-stomach. But they are only first symptoms—danger signals to warn you of acid troubles if not stopped. Headache, biliousness, rheumatism, sciatica, flat tired, listless feeling, lack of energy, nervousness, insomnia, even cancer and ulcers of the intestines and many other ailments are traceable to ACID-STOMACH. Thousands—yes, millions—of people who ought to be well and strong are mere weaklings because of acid-stomach. They really live in the midst of plenty because they do not get enough strength and vitality from the food they eat. Take EATONIC. I give your stomach a chance to do its work right. Make it strong, cool, sweet and comfortable. EATONIC gives quick relief for heartburn, belching, indigestion and other stomach troubles. Improves digestion—helps you get full strength from your food. Thousands say EATONIC is the most wonderful stomach remedy in the world. It brought them relief when every thing else failed. Our best testimonial is what EATONIC will do for you. So get a big box of EATONIC today from your druggist, use it five days—if you're not pleased, return it and get your money back.

EATONIC (FOR YOUR ACID-STOMACH)**A Stubborn Cough Loosens Right Up**

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up a stubborn cough. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, coughing fits disappear. You get a good night's rest and your throat and chest are cooled and soothed by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, throat tickle, bronchitis or winter cough.

To make this splendid cough syrup, pour 2½ ounces of Pine into a pint bottle and fill the bottle with a granulated sugar syrup and shake thoroughly. If you prefer use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way you get a full pint—a family supply of much better cough syrup than you could buy ready-made for three times the money. Keep perfect and children love its pleasant taste. Pine is a special and highly concentrated compound of genuine No. 1 pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pine with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or your money refunded."—Adv.

LIVER AND STOMACH

with the gentleman during the summer.

On his subject he said in part: The greatest thing in all the world is life and whatever pertains to it must be of paramount interest. We do not find the greatest things in monuments, parks, the sea with its great waves, the flowers with all their beauty or the skies with their magnificent sunsets but in human personality. There are three distinct classes of people.

First are the negative. They are neutral, conventionally minded; neither intelligent nor ignorant; they are neither good nor bad; neither happy nor unhappy; they live on hopes and memory. They move along slowly meaning to accomplish something and be happy some time in the future.

Second are positive people. They are the people who work and love it. A neutral is a tragedy; a corpse walking about. Some people used to think creation was an accident and not the work of God which was all wrong. People are neutral because of a state of mind. The worst thing in the world to promote neutrality is fear. It represses and suppresses a man and makes him a neutral. Few here tonight have experienced genuine terror. When the Lusitania was struck she went down in 18 minutes. At first all were paralyzed and then all rushed pell mell to but soon a great many overcame their fear and excitement and showed genuine heroism. Terror is animalistic and not human.

Man at his best is governed by reason and thinks a matter thru. Jealousy is a passion begotten of fear. Man fears he is going to lose a valued possession; a man fears some one will alienate the affection of his wife and how many times men have done evil things and then said in extenuation "I didn't think; I didn't know what I was doing," an admission of the reversal to the animal nature.

The most common cause of fear is worry, anxiety. A man will worry and claim to be alive but he hardly is entitled to it for he is dead to the beauties and loveliness of the world. It is the little, everyday things that cause worry and anxiety. Worry about the table, the wardrobe and a thousand little things have been sufficient to cause lumbago and other ills. It neutralizes life and character and by worry we become neutral and even ill. Fear and worry cause toxin in the blood and a noted physician said when a patient came to him with a tumor or other troubles he would try to find the cause of worry to which the person had been subjected and if the fear and worry could be overcome he gave up the case. Many are afraid to live and be themselves. The greatest men we have had have been men of fearless nature and profound convictions: Socrates, Aristotle, Lincoln, Washington and a host like them. They dared life and with a consuming courage undertook its tasks.

Then there is so much misdirected energy in this world. Many diseases are caused by repression. An angry man must work off his anger in some way. Some men ease their feelings by swearing and others in different ways for the evil is in the system and must be gotten out. When a man acts on impulse and not on reason, reason is dethroned and the man becomes an animal. Children are full of surplus energy which must be worked off. Hence the great value of well directed playgrounds for the surplus energy must come out and if done in a healthy manner all is well but if not they evil results will follow.

A man was utterly unable to get into his safe. He sent to the state prison and they brought an experienced burglar. He pared his nails closely and feeling of the combination had his safe open in three minutes. Helen Keller is another wonderful example of what may be accomplished by well directed energy. Blind, deaf and mute a new world was opened to her. We fail in life because we misuse our best possessions. When passion and fear take the place of calm judgment then evil will surely follow.

It depends on each to make the most of life and be ruled by the right powers. Avoid whining and dwelling on the ills of life. Seek the bright side and be optimistic. Attend to your own affairs as assiduously as to your neighbor's and a little more so. A sour minded man looks for specks in his apple and sees the evil before all else. The man will succeed who loves his work and is happy in it. As a man thinketh in his heart so is he. Keep the mind filled with good things and crowd out the evil. Strive to be happy in all you do; banish worry and be determined to see only the bright side; live in an atmosphere of love and your life may be full of grand and noble achievements.

Natski Blood Purifier

Possibly you are one of the many persons that have suffered years with Rheumatism—possibly you have tried many remedies without avail. There's a man in Moweaqua, Illinois, who has discovered the relief for rheumatism. This claim is not without proofs, for below we print three of the many letters we have received about Natski Blood Purifier. Read them each thoroughly:

ALL ACHES AND PAINS GONE

Read What This Moweaqua Man Says Natski Blood Purifier Did for Him

Moweaqua, Ill., Aug. 23, 1918.
Having suffered with rheumatism for two winters and having tried several physicians and different kinds of medicine, Natski Blood Purifier was recommended to me on a "money back" guarantee.

After taking seven bottles of this medicine have not been bothered with a rheumatic ache or pain since

BERT TOLSON.

ASSUMPTION, ILLINOIS MERCHANT IS CONVINCED

To Whom It May Concern

On the 28th day of February, 1918, I was taken down with rheumatism and lay in bed six weeks unable to move. As soon as I was able to get up and around, I went to take mud baths which helped to some extent. I was still unable to raise my hands and had considerable trouble in getting around when I discovered Natski Blood Purifier at Or. Johnson's Drug Store. After taking a few bottles of this medicine I felt a decided change for the better and at the present time I am able to do any of the work that has to be done in the store.

Try it my friend and be convinced.

F. B. EAGER.

MOWEAQUA FARMER CONVINCED

To Whom it may concern:

I have suffered for ten years with rheumatism and for 2 years before this spring, I could not put on my coat and vest without help and for months I took osteopathic and electric treatment and was not helped. In the spring of this year Natski Blood Purifier was recommended to me, and after taking three and one-half bottles all rheumatic pains left me and while I have continued the occasional use of it since and have had no recurrence, I have done any kind of harvesting, haling hay and other heavy work about the farm, which I had not been able to do for two or three years.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health

Stay Away from People with
Coughs and Colds.

"Avoid crowds if you want to
avoid influenza," says Association

Keep your hands clean, drink

windows open; eat three uniform
meals a day including a good
breakfast.

People who have catarrh or fre-
quent colds invite influenza, de-
clares a prominent Kentucky
druggist.

The membrane of the throat
and nose is raw, sore and tender,
and makes a lovely abiding place
for germs to thrive and multiply.

He advises an inexpensive home-
made remedy that will bring relief
in less than a day and will stop all
discharge and soothe and heal the
inflamed membrane in a few days.

Thousands are making this ben-
eficial remedy at home and any-
one who has catarrh or a cold can
do the same.

Pour three-quarters of an ounce
of Mentholized Arcline into a pint
bottle, then fill the bottle with
water that has been boiled.

Gargle the throat as directed
and snuff or spray the liquid into
the nostrils twice daily. It's a
simple way to get rid of cold and
catarrh and keeps the nasal pas-
sage and throat clean and healthy.

Nearly all druggists dispense
Mentholized Arcline in vials con-
taining exactly three-quarters of
an ounce, which is all you need to
make a pint of this healthful me-
dicine.

If you want to know what rare and
unusual enjoyment Camels provide
smoke them in comparison with any
cigarette in the world at any price!

CAMELS are a cigarette revelation any
way you consider them! Take quality,
or refreshing flavor and fragrance; or, that
wonderful mellow-mild-smoothness you
never before got in a cigarette smoke! Yet
Camels are so full-bodied and so full-of-
satisfaction you marvel that so much de-
light could be put into a cigarette!

Camels expert blend of choice Turkish
and choice Domestic tobaccos makes them
so irresistibly appetizing! And, the blend
explains why it is possible for you to smoke
Camels liberally without tiring your taste!
**You will prefer Camels to either kind
of tobacco smoked straight!**

You'll realize pretty quick, too, that
among the many reasons you smoke Camels
is their freedom from any unpleasant cig-
arettey aftertaste or unpleasant cigarettey odor!

Once you know Camels you won't
take much stock in premiums, coupons
or gifts! You'll prefer Camel quality!

Nu Bone

Corsets, made to your individual
requirements, afford you proper
and comfortable support and that
ease, grace and freedom of bodily
expression which is the very spirit
of health and beauty.
The NuBone Corset acts as a flex-
ible mould to your figure.
Without noticeable or unpleas-
ant restraint it exercises a gentle
but constant urge toward per-
fection. Because they so thoroughly
combine comfort with style, they
may be worn both for dress and
work, thus serving a double pur-
pose. Call, write or phone—

EMPHASIZES THE MANY ADVERSE CONDITIONS

Many Factors Affect Trading on
Stock Exchange

New York, Dec. 1.—Trading on
the stock exchange today con-
tinued to emphasize in variable
degree the many adverse con-
ditions which hang over the fi-
nancial and industrial markets of
the world. The status of the coal
strike, textile labor disturbances
and tense Mexican situation and
uncertainty respecting the out-
come of important litigation now
before the supreme court were in-
cluded among the other issues
which contributed to the mar-
ket's irregular trend.

General Motors, Pierce Arrow,
Crestline Steel and some of the
high priced oils in all of which an
extensive short interest is be-
lieved to exist rose and fell with-
in a radius of five to almost
twelve points.

Intermittent strength was
shown by shipings, sugars,
leathers and kindred specialties,
but only in a few instances did
prices hold at the end, even tho'
the call money dropped from the op-
ening rate of 7 per cent to 6 1/2
unusually free offerings. Sales
amounted to 1,050,000 shares.

Several of the liberty and victo-
ry issues rallied from early low
levels, but the general domestic
and foreign bond list was heavy.
Total sales (par value) were
\$23,700,000.

BEFORE YOU SAY GOODNIGHT

Prepare for a Clear, Bright Day Tomorrow by Taking "Cascarets" for Liver and Bowels

Drive away those persistent enemies of happiness—biliousness and constipation. Don't stay headachy, sick, tongue coated, sallow and miserable! Get rid of colds, indigestion, upset stomach, or that misery-making gas.

Feel splendid tomorrow by taking Cascarets tonight. Cascarets are so pleasant, so harmless. They never gripe, sicken or inconvenience you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little and work while you sleep.—Adv.

Beauty Answers

By MADAME MAREH

MINNIE—The great secret of making hair grow is in the development of the vigor of hair roots. Mere stimulation of the scalp is not enough. It is the lack of realization of this fact which is the cause of so much failure. As a root-developer nothing can equal the use of beta-quinol. This can be secured at any drug store for 50 cents. In one-ounce packages. When mixed with a half pint of bay rum and a half pint of water the developer is ready to use. It is not oily, and when used liberally gives all the results which anyone could wish. By developing the roots, the growth is forced. It becomes thick, vigorous and silky. Bald spots fill out, and instead of shrunken, sick hairs which fall out readily on combing, we have strong hair, held firmly in the scalp, thus putting an end to hair falling.

MRS. A. T. F.—The skin can be brought back to its original plumpness and vigor by the following formula. An astonishing result is the quick disappearance of wrinkles, little and big, crows' feet, and lines of age. It is simple and can be prepared in a few moments, by adding to half a pint of water one tablespoonful of glycerine and two ounces of epol, obtained from your druggist for 50 cents. This takes years from your appearance, and is always sure and positive in its work if you will apply it liberally, every day.

MAY E. T.—As to head-wash, I advise against using soap or the many shampoos sold, because of the alkali they contain. This dries up hair secretions. Get eggol at the drug store and dissolve a teaspoonful of it in half a cup of water. You can get enough eggol for twenty-five cents for a dozen or more head-washes. It is magic in cleansing hair and scalp, and aids wonderfully in making hair grow.

ILLINOIS FROM GIRLHOOD TO MIDDLE LIFE

S. Freeport, Ill.—"When I reached middle life became run-down and in need of a tonic. Dr. Pierce's Favorite Prescription has done for me what I could not do for myself. I have been suffering from irregularity and would become run-down in health and my mother would give me 'Favorite Prescription' whenever she saw that I needed a tonic. At one time when I was suffering during development I gave me a complete course of treatment with Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery' and 'Pleasant Pellets,' and I still remember that these medicines restored me to perfect health, making me feel better every way. I have since married an am mother of three children."—Mrs. L. MARTIN, 4327 Seventh Ave.

Rock Island, Ill.—"In my girlhood I suffered from irregularity and would become run-down in health and my mother would give me 'Favorite Prescription' whenever she saw that I needed a tonic. Ill. Ill.—"As a household remedy for sluggish liver, sick headaches and constipation, I have found Dr. Pierce's Pleasant Pellets to give the utmost satisfaction. I could scarcely keep house without them, I believe they have saved me many a doctor bill."—Mrs. C. J. LUCAS, 95 Lucas Place.

SALE OF \$131,000 JACKSONVILLE, ILL. FUNDING BONDS

The City of Jacksonville will receive sealed bids at the office of the City Clerk up to four o'clock P. M. Friday, December 5th, 1919, for the purchase of \$131,000 of Funding Bonds, dated December 1st, 1919, bearing interest at the rate of five per cent per annum, payable semi-annually, at the office of the City Treasurer in said city. Twenty of the bonds are of the denomination of \$500 each and mature one each year beginning December 1st, 1920 through 1929. One hundred and twenty-one of the bonds are of the denomination of \$1000 each and mature \$6000 beginning December 1st, 1920 through 1938, and \$7,000 due in 1939. These bonds are issued to pay valid indebtedness of the City of Jacksonville. All bidders will be required to accompany their bids with a certified check of \$2000, as an evidence of the good faith of the bidder, and that he will take up and pay for the bonds if the sale is awarded to him. Failure to do so, said sum of money shall be forfeited to the city as liquidated damages. The bonds will be ready for delivery to the purchaser immediately upon acceptance of the bid and unless the bonds are taken up and paid for within five days after notice of award of sale, the check aforesaid will be forfeited to the city. The approving opinion of Charles and Rutherford, Attorneys of the City of St. Louis, will be furnished to the purchaser of the bonds. The City Council reserves the right to reject any and all bids.

A REMINISCENCE

December 1, 1869, fifty years ago John McLaughlin of Winchester drove to Keener & Pike of Naples 517 hogs. He was assisted by his sons Eli and George R., and more than a dozen other persons. The trip was too long for one day and they stayed all night at the hospitable home of Washington Sears. Eli McLaughlin says all but him and his brother George of the people who helped him handle those hogs are dead.

OIL ENGINEER WANTS PARTNER

No Leases—No Royalties, No Debts, None of Your Money Going for "Officers' Salaries." Only a Small Investment Required to Share Fully in All Profits.

A thoroughly capable, long experienced Oil-Locating Engineer, has formed a company to sink four oil wells as a start, on fifty-one of their checked locations, in the best Louisiana oil fields. We are drilling Ayers Number One (down 700 feet) formation good for a large oil well.

The company is called the Planters Oil-Mineral Co., and already owns, outright, over 12,000 acres of oil, gas and other minerals, in the heart of Louisiana oil fields, with production on all sides. Very small capital of \$300,000, fifteen dollars per acre.

In this section, six out of every seven well sunk have been producing, so the chance of failure is so small that success is sure.

Every one who comes in with this company will do so with the guarantee that there will be no money paid for leases nor bonuses; no royalties, no debts, no salaries of officers, until production, and that every dollar will participate on an even basis with every other dollar.

Only a limited number of shares are offered at this time.

All expenses, such as geological surveys, expert service, supervision, etc., are paid in stock, so that everyone connected with the company, from president down to smallest stock holder, shares and shares alike, and no one receives any cash until a producing well comes in.

You may buy as few or as many shares of this company as you wish, providing of course, that your application is received before this small lot is sold.

Correspondence and thorough investigation are invited. The company has no elaborate book-lets or literature, but will be glad to send anyone a folder giving full information with map. Address Alex R. MacDonald, Manager, Saline, La., Shreveport, Louisiana, office 516 1/2 Market St.—Adv.

Finds Something to Do the Business

"I tried everything that I heard of for the stomach and bowel trouble and bloating, but got no permanent help until I struck Mayr's Wonderful Remedy, and that did the business. My son in Canada has also taken it and writes it has done him a lot of good." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists—Adv.
